

## Bulkhead Fitting #ULT1073 - For Spill Decks 1/package

Bulkhead Fittings let you connect Ultra-Spill Decks® to design and create a containment system that meets your specific needs.

- Easily connect 1-, 2- and 4-Drum Ultra-Spill Decks® together into a virtually unlimited number of customized configurations
- Fittings lock Spill Decks together while allowing spills to flow between Decks; can help you meet containment regulations depending on the size of container stored and the total sump capacity of the Deck system
- One Fitting per side required for 1-Drum Spill Decks; two fittings per side for 2- and 4-Drum Decks
