

Ultra-IBC Spill Pallet Plus® #ULT1157 - Without Drain 1/package

Spill Pallet Plus gives you economical and portable containment for IBCs.

- Low height and large deck make placing, handling and dispensing from IBCs safe and convenient
- All-polyethylene construction offers excellent chemical resistance; will not rust or corrode
- Forkliftable for easy relocation
- Small footprint requires minimal floor space
- Five inner support columns help Deck easily hold a fully loaded IBC; components can be removed for cleaning
- Optional Bucket Shelf (ULT1160) catches small leaks and spills while dispensing; larger spills are channeled into the sump through a bulkhead fitting
- Also available with drain plug (ULT1158) to let you empty sump without relocating stored containers

ULT1157 Technical Information

Warnings & Restrictions:

There are no known warnings and restrictions for this product.

Regulations and Compliance:

40 CFR 264.175 - Hazardous waste containment systems must be free of structural cracks or gaps; designed to keep spilled liquids from remaining in contact with the container; prevent run-on and "have sufficient capacity to contain 10% of the volume of the containers or the volume of the largest container, whichever is greater." For example, four 55-gallon drums require secondary containment of 55 gallons.
