Floor Grabber Universal Absorbent Mat

NOTICE:

This report is offered as a guide and was developed from information which, to the best of SpillTech's knowledge, was reliable and accurate. Due to variables and conditions of application beyond SpillTech's control, none of the data shown in this guide is to be construed as a guarantee, expressed or implied. SpillTech assumes no responsibility, obligation, or liability in conjunction with the use or misuse of the information.

Ratings/Key or Ratings – Chemical Effect

* Liquid may be slow to absorb

** Liquid may not absorb

Good: No swelling, no degradation

Fair: Temperature increase and/or color change

Not recommended: Significant degradation or swelling

Note: Distortion of Floor Grabber adhesive-backed mats' polyethylene backing may occur upon prolonged exposure to solvents and naphthenic-based oils (such as automatic transmission fluids).

Note: Prolonged exposure to oils, solvents and water on the underside of Floor Grabber adhesive-backed mats may weaken the anchoring adhesive.

Note: Absorbents with printed graphics are not recommended for use with solvents or corrosive fluids because they may dissolve the printing inks.

ATTENTION: Independent testing indicates that SpillTech Mats with universal absorbency are compatible with and absorb many acids and bases. Because of variables and conditions beyond our control, SpillTech cannot guarantee that this product will absorb to your satisfaction. To ensure effectiveness and your safety, we recommend that you conduct compatibility and absorption testing of your chemicals with Floor Grabber adhesive-backed mat products prior to purchase.
