

2-Drum Spill Pallet With Drain #PALLET2-WD - With Drain 1/package

Store drums and other leak- or spill-prone containers on this Pallet to help you comply with regulations.

- Low profile and heavy load capacity; 2-Drum Pallet can hold up to 1,500 lbs.
- 66-gallon sump protects and helps meet containment requirements in the event of a small leak or complete drum failure
- Strong, durable all-polyethylene construction makes this Pallet light-weight and resistant to chemicals; will not rust or corrode
- Black color disguises dirt and wear and tear; keeps the Pallet looking good
- Polyethylene grate can be easily removed for quick access to sump area; drain plug makes it simple to empty

PALLET2-WD Technical Information

Warnings & Restrictions:

There are no known warnings and restrictions for this product.

Regulations and Compliance:

40 CFR 264.175 - Hazardous waste containment systems must be free of structural cracks or gaps; designed to keep spilled liquids from remaining in contact with the container; prevent run-on and "have sufficient capacity to contain 10% of the volume of the containers or the volume of the largest container, whichever is greater." For example, four 55-gallon drums require secondary containment of 55 gallons.
