Build Your Own Berm® Straight Section #BYOB-2S - 15' x 5.5" x 2", 1/package

Build your own barrier around equipment or storage, indoors or out.

- Semi-permanent, highly visible berm is customizable to your desired size and shape
- Vinyl covered foam barrier resists oils, coolants and most chemicals
- Recovers its shape under foot traffic or light, wheeled equipment
- Easy to cut with utility knife
- Secure to smooth surfaces with Sili-Thane (BYOB-SEAL) sealant or join seams with Industrial Strength Vinyl Cement (BYOB-CEMENT)
- Inexpensive and easy-to-install containment alternative to cement curbs or angle iron
- Simple removal with flat-bladed shovel
- Ideal for leak-prone areas like battery charging stations or machinery

BYOB-2S Technical Information

Warnings & Restrictions:
There are no known warnings and restrictions for this product.

Regulations and Compliance:
40 CFR 264.175 - Hazardous waste containment systems must be free of structural cracks or gaps; designed to keep spilled liquids from remaining in contact with the container; prevent run-on and "have sufficient capacity to contain 10% of the volume of the containers or the volume of the largest container, whichever is greater." For example, four 55-gallon drums require secondary containment of 55 gallons.

40 CFR 122.26 - Facilities must have a detailed plan in place to prevent illegal discharge of pollutants into waterways.

40 CFR 112.7(c)(1) - Facilities must have "appropriate containment and/or diversionary structures to prevent discharge oil from reaching a navigable water course."
